Practices: Website Maintenance, E-commerce Support, CRM & Email Automation, API Integration, Agile

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer | Remote | Flexible Time

Sept 2025 - March 2026

- Developed an AI-driven resume generator website using Next.js for the frontend and FastAPI (Python) for the backend, deployed on Microsoft Azure.
- Integrated REST APIs and secured backend services to support dynamic resume generation and user workflows.
- Managed cloud deployment and configuration using Azure App Services and related infrastructure to ensure performance and scalability.

WordPress Elementor Developer | Remote | Flexible Time

Sept 2025 - Dec 2025

- Designed and developed a custom WordPress e-commerce website using Elementor, focusing on responsive layout, usability, and performance.
- Built and customized pages, templates, and components with Elementor to meet business and branding requirements.
- Configured e-commerce features including product pages, cart, checkout, and payment integrations.

Virtual Assistant / Technical Support / Web Management | Remote

March 2024 - Oct 2024

- Provided virtual assistance with lead generation, inbox and calendar management, and process automation.
- Delivered technical support to clients, ensuring smooth event operations and troubleshooting real-time issues.
- Managed landing pages, sales funnels, and websites to support effective campaign execution and event promotion.

Freelance Developer

2022 - present

- Designed and developed responsive websites using React.js and CodeIgniter 4 (PHP), following modern UI/UX practices.
- Deployed web applications on cloud platforms (Render) and cPanel, managing DNS and CI/CD pipelines for smooth releases.
- Built Java console apps and C# desktop systems to automate routine tasks and improve operational workflows.

Internship Experience | IT Expert Intern | Onsite

March 2025 - June 2025

- Maintained and enhanced the Local Mandaluyong Information System (LMIS) built with PHP (CodeIgniter 4), improving data management, reporting, and workflow efficiency.
- Managed digital processing and tracking of legislative documents, ensuring accurate records and streamlined document workflows.
- Provided technical support and system optimization, troubleshooting issues, assisting user training, and collaborating with the IT team to develop and automate web modules.

Professional experience

BS in Information Technology | Southern Luzon State University | 2021 – 2025
